

Los Angeles County Fire Department Emergency Incident Expectations

Goals

- **Protect Life**
- **Stabilize Incident**
- **Defend Property**

Resource Performance Expectations (TIER)

In the absence of specific direction, units facing a particular set of circumstances during high tempo operations should execute best practice for that situation:

Take Initiative – Guided by Leader's Intent:

- Task – What is to be done
- Purpose – Why it is to be done
- End State – How it should look when it is done

Engage – Tactical action guided by:

- Risk Management Process
 - Making the plan
- Standard Firefighting Orders
 - Executing the plan

Report – To your supervisor:

- Situation
- Progress
- Needs

Unity of Command – Every firefighter shall have an immediate supervisor who is part of the ICS organization.
